Erasmus+ | KA2 - Cooperation partnerships in adult education
Project no. 2022-1-CY01-KA220-ADU-000088959

Project Aim ●

Increasing pre-release detainees' workplace communication skills, provide a valuing system to support prosocial reintegration and increase social self-efficacy.

- Increase the chances of obtaining and retaining employment post-release
- Improving wellbeing and reinforcing crime desistance

Project Objectives

Interpersonal Communication Skills (ICS) training in a workplace context for pre-release offenders while activating and developing common civic values as a basis to support social reintegration.

Blended teaching methodologies such as face-to-face and experiential training modalities alongside a **Virtual Reality (VR) platform** used as a training ground for skills' practice.
