Last Transnational Partner Meeting in Barcelona

Erasmus+ I KA2 - Cooperation partnerships in adult education
Project no. 2022-1-CY01-KA220-ADU-000088959

On the 5th and 6th of November 2024, RECOMMIT partners gathered for the final transnational meeting, hosted by Andromines, in Barcelona, Spain.

The first day of the meeting focused on:

- Presentations and discussions about project achievements and insights gained.
- Sharing progress on social reintegration strategies and the impact of blended and VR-based learning.
- Planning future steps for sustainable implementation and the project's long-term impact.

The second day provided an extraordinary experience as partners visited the Puig de les Basses Penitentiary Centre in Figueres.

- The visit showcased the prison's modern facilities and comprehensive educational and rehabilitative programs.
- Partners observed how the facility prioritizes education, personal growth, and skill-building, highlighting the importance of a supportive environment for reintegration.

Partners are thrilled to share that the meeting was a huge success and express heartfelt thanks to Andromines for their wonderful hospitality. We invite everyone to stay connected and follow our project's social media as we conclude this amazing project!
